

Airganics 700 / Filtered Air Purifier

Small Portable Containment System

Portable Containment Systems engineered for Odor neutralization and HEPA air filtration.

The **Airganics 700** is a powerful and portable filtration system engineered for odor neutralization and air filtration. Engineered for energy efficiency along with the ability to infinitely adjust the 200 to 700 CFM air flow by its variable speed control to fit any size room.

Versatile:

Perfectly suited for:

- Odor Neutralization
- Air filtration
- Mold Spore Containment / removal
- Laboratory, medical and grow room applications

Durable:

The **Airganics 700's** rotational molded housings are seamless, leak proof and virtually indestructible.

Utilizes Standard Filters:

- **Carbon Fusion** for odors or **Fil-Pure** HEPA Filter 16 x 16 x 3"
- **Fil-Pure** Merv 8 Pleated Filter 16" x 16" x 1"
- **Fil-Pure** Prefilters 16" x 16" x 1/2"

Airganics 700 / Filtered Air Purifier

Small Portable Containment System

Features:

- Three Stages of filtration utilizing a Carbon Fusion filter (optional Fil-Pure HEPA), Carbon Fusion pleated filter and a prefilter
- Roll away cart featuring 4" locking casters for easy maneuverability and transport. Machines can be stacked up to three units on a single cart
- Daisy chain up to three **Airganics 700's** utilizing the integrated GFCI outlets
- Compact foot print allows high air volume in a minimum space
- Variable speed control allows for air adjustment infinitely from 200 CFM -700 CFM
- Securely stack up to three machines using the Integrated foot nests. Maximum efficiency with a minimum foot print

Benefits:

- Odor Neutralization or Air Filtration anywhere. No installation required. Turn-key systems are "Plug and Play"
- Containment anywhere
- Flexibility and portability lowers operation costs
- Contain organically generated odors
- Safety contain mold spores, airborne pathogens or just nuisance dust
- Mobile design allows for immediate air filtration at any location

Accessories:

- **AN0800 HK** — Hanging kit Containment anywhere
- **AN4530** — Carbon Fusion Filter
- **AN4701** — Fil-Pure HEPA Filter
- **AN0790** — Mobile Cart
- **Duct -2-Go**
AN1025—10" x 25' Portable ducting
AN1050—10" x 50' Portable ducting

Model	Part No.	Weight	Dimensions	Air Volume	Power	Filters
Airganics 700	AN0800	48 lbs 22 kg	22" x 22" x 21" 55cm x 55 cm x 52 cm	Variable 200-700 CFM 340-1200 m ³ /hr	115 Volt 3 amp, 60HZ	Carbon Fusion, Carbon Pleated, Ring Panel
Airganics 700	AN0801	45 lbs 21 kg	22" x 22" x 21" 55cm x 55 cm x 52 cm	Variable 200-700 CFM 340-1200 m ³ /hr	115 Volt 3 amp, 60HZ	Fil-Pure HEPA, Carbon Pleated, Ring Panel
Airganics 700	AN0805	48 lbs 22 kg	22" x 22" x 21" 55cm x 55 cm x 52 cm	Variable 200-700 CFM 340-1200 m ³ /hr	230 Volt 1.7 amp, 50/60HZ	Carbon Fusion, Carbon Pleated, Ring Panel
Airganics 700	AN0806	45 lbs 21 kg	22" x 22" x 21" 55cm x 55 cm x 52 cm	Variable 200-700 CFM 340-1200 m ³ /hr	230 Volt 1.7 amp, 50/60HZ	Fil-Pure HEPA, Carbon Pleated, Ring Panel
