

SECUNORM 500

UNMISTAKABLY PROFI. PERFECTLY REINVENTED.

NEW

THE SAFER WAY TO CUT.

**martor**

# SECUNORM 500

NO. 500001

Original size

#### Ergonomic handle

The excellent ergonomics can be felt all over the SECUNORM 500, for example in the newly shaped handle which fits comfortably into the hand. Or in details such as the nicely rounded knife end or the non-slip soft grip on the slider.

#### Abrasion resistant

The robust aluminium handle is designed for the most frequent cutting tasks. The all-rounder also has a ceramic blade with durable sharpness as its special feature.

#### Double-sided slider

With the predecessor, the SECUNORM PROFI, there were both left and right handed models. With the modern successor, anyone can cut effectively – with the ability to change hands when the task requires it.

#### Tool-less blade change

Blade changing without tools. The SECUNORM 500 comes with an intuitively operated blade change button. Press once to remove the blade carrier with its securely held blade.

#### Blade changing made easy

The blade cover remains in the required position when opened. The blade is then easy to access and is removed using the bladeless edge, avoiding risk of injury.

## The safety knife. With ceramic blade.

Over 40 years ago the SECUNORM PROFI set standards in safety, robustness and ergonomics. Its successor goes several steps further. For example, the new aluminium handle significantly improves handling and makes cutting easier, the new slider can be operated from both sides, there is a pre-installed ceramic blade and the blade change has been made so much simpler. Apart from these improvements, the proven automatic blade retraction will continue to protect you from cutting injuries.

## PRODUCT FEATURES

### Technical features

	High safety		Tool-less blade change
	Very abrasion resistant		Very ergonomic
	2-cutting edge blade		Cutting depth
	Rounded-tip trapezoid blade		Soft grip
	Ceramic		For right and left handers

### Main cutting materials

	Cardboard: up to 2-ply		Wrapping, stretch and shrink foil
	Plastic strapping band		Tape
	Bagged goods		Layers of foil or paper

### Installed blade

	<b>NO. 65232C</b> 0.65 mm, ceramic, rounded blade tips, deep-edged
--	--

### Optional blade

	<b>NO. 65232</b> 0.63 mm, rounded blade tips, deep-edged
	<b>NO. 5232</b> 0.63 mm, deep-edged
	<b>NO. 5233</b> 0.63 mm, 1-sided ground-edge
	<b>NO. 610</b> 0.63 mm, stainless
	<b>NO. 852</b> 0.63 mm, stainless, TiN
	<b>NO. 56</b> 0.63 mm
	<b>NO. 5634</b> 0.63 mm, rounded blade tips

### Certificates and awards

## Application

## Safety technology

### Automatic blade retraction – a high degree of safety

The automatic blade retraction of the SECUNORM 500 guarantees a high degree of safety from cut injuries. As soon as you have started to cut, take your thumb off the slider. Then the blade will retract into the handle immediately after leaving the material being cut.

# THE PERFECT FIT FOR ALL. DOES THE PERFECT JOB.

## SECUNORM 500

- › For high cutting frequencies
- › Ergonomic handle for left and right handers
- › With ceramic blade
- › Automatic blade retraction
- › GS-certified for approved safety
